Class of Service Residential Commercial Boat Slip Construction

Mailing Address _____

Telephone Number _____ E-mail _____

Date Service Required _____ Sewer Connection Yes No

To be Completed by the Company

Meter Size _____

Deposit Receipt No. _____ Subscriber Fee Receipt No. _____

Application is hereby made to the PDM Utility Corporation ("PDMU") for water and/or sewer and related installation at the property location as given above.

Applicant and/or Subscriber agreed that water and/or sewer service shall be used only in accordance with the Rules and Rates of the Corporation on file with PDMU as they may be modified from time to time.

Applicant and/or Subscriber agrees to pay the water and/or sewer tariffs set by PDMU. All tariffs become due when billed. Applicant and/or Subscriber agrees to pay interest equal to 1% per month, until full payment, on balance owed thirty (30) days after the invoice due date, plus legal fees and cost incurred in efforts to collect tariffs due. Subscriber acknowledges that PDMU may refer any debts for collection upon accumulation of one or more months in arrears.

Should Applicant and/or Subscriber's failure to pay tariffs due result in temporary suspension of service, as set forth in the Rules and Rates of the Corporation, then after thirteen (13) months of temporary suspension, the water meter will be removed and the minimum monthly charge will be discontinued. Subscriber acknowledges that temporary suspension of service does not release him or her from the payment of the minimum monthly charge. Subscriber recognizes that PDM Utility Corporation will charge a reconnection fee of \$200.00, if service is permanently disconnected and/or temporarily suspended due to lack of payment.

It is understood and agreed that failure of the Subscriber to give prompt notice to have the water service discontinued when an ownership change occurs, will make the Subscriber liable for all water charges against these premises until the time of written notice.
